

Macomb County Community Mental Health Presents:

Implementation of Integrated Dual Disorder Treatment and Co-Occurring Evidence- Based Practices

Presented by: Jennifer Harrison, PhD, LMSW, CAADC

1. Participants will understand the history of public mental health and substance use disorder care in the US over the last 100 years, and how that effects treatment systems today
2. Participants will identify the methods used to develop and test evidence-based practices for co-occurring disorders
3. Participants will understand staging and stages of change, as well as how to use staging tools with clients and treatment teams to decide on appropriate interventions
4. Participants will rehearse completion of a contextual and longitudinal assessment for individuals with more than one chronic illness
5. Participants will develop 2 examples of goals, objectives, interventions, and discharge criteria for common co-occurring needs

When:
Thursday
1/14/21
8:30a– 4:00p
