Autism and Community Inclusion

Presented By: Jelena Bogojevic

Within this training you will learn to identify and understand Autism and how to provide support within the community to allow for community inclusion. This training will provide you with Key behaviors to target to allow for better assimilation into the community. It will also reflect on local resources and different forms of community inclusion to provide an array of aspects and ideas to include those diagnosed with Autism Spectrum Disorder into the community.

Training Objectives:

1. Defining and understanding Autism
2. Targeting key behaviors to increase community Inclusion
3. How is community Inclusion defined
4. Explore forms of community inclusion and local resources
