

DSM-5-TR Training

Presented By: Dr. Agnes Ward, PhD ,LP, CAADC, BCBA, LBA and Leslie Styer, MA, LLP, CAADC

This training will cover the major changes in the new DSM-5-TR. Focus will be given to how societal issues of culture, racism and discrimination shaped the development of the new DSM. Changes in language will be discussed, as well as major changes and additions to diagnoses in the DSM-5-TR.

Training Objectives:

- Participants will be able to summarize the focus given to the DSM-5-TR pertaining to culture, racism and discrimination.
- Participants will be able to identify changes in language in the DSM-5-TR
- Participants will be able to identify major changes and additions pertaining to diagnosis made in the DSM-5-TR.
