# **Solution Focused Brief Therapy and Practices**

*Presented By: Angela Curtis, MA*

This training covers the history of SFBT, concepts, process, goals and how to utilize the PCP, application, group therapy, substance abuse, tools and application for children and adolescents.

Training Objectives:

- To assist Therapists, Case Managers and Support Coordinators in utilizing time with consumers effectively.
- To reduce the number of visits an individual has in order to stabilize and achieve their treatment goals.
- To reduce the time it takes to transition consumers into the community to their own primary care physician and/or private
