AGING in AMERICA

APPROVED for
3 SW CE hours
2 CDTS hours

This training provides guidance for case managers and therapists in navigating the PCP process. It brings insight to recognizing when our elders need specialized care and how to properly refer and link to programs and specialists that can provide the needed services. This training includes ways for children and adolescents to interact and share knowledge and companionship that can be worked into their PCPs

- **Define aging in numbers.**
- **Define agism and where it is evident.**
- **Explore physical, and mental health concerns in the older population.**
- **Identify ways to assist elders through life transitions.**
- **Explore how aging affects sleep.**
- **Explore evidenced based special care recommendations.**
- **Explore how to put youth in the mix.**
