

MCCMH Partners With Safe Rx[®]

Safe storage saves lives

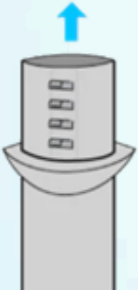

Protect your loved ones from the risks of medication misuse. Our Safe Rx[®] locking prescription vials offer a simple yet effective solution. With a combination lock and tamper-resistant design, you can ensure that medications are safe and secure.

How to open the locking prescription vial

Step 1

Align the 4-digit code with the arrow located on the top of the cap, moving from the bottom to the top in the direction of the arrow.

Step 2

Pull the cap straight up and off the top of the bottle (do not twist).

How to close the locking prescription vial

Step 1

With the **correct 4-digit code aligned** with the arrow of the cap, replace the cap on the bottle.

Step 2

Twist rings to scramble the 4-digit code and **lock** your bottle.
