

# Beyond the Bag: Ostomies & Urinary Catheters

**Presented by Lauren Miarka BSN, RN**

This training offers attendees a chance to learn about the different types of ostomies, urinary catheters, and how it affects the individuals we serve. Participants will learn about different health conditions that may involve the use of an ostomy and/or urinary catheter. Providers of all disciplines can learn how to use this information to write integrated health goals for Individual Plans of Service, by creating S.M.A.R.T. outcomes and planning appropriate interventions.

**Thursday, Sept 25th**

**9:00am-10:30am**
