*Training link will be
sent out via email 1-2
business days prior to
training date.*

The follow points will covered in this training:

- ♦ Typical barriers that individuals with co-occurring substance use and mental illness experience in accessing integrated care.
- ♦ Evaluate the evidence and statutes that apply to legal drugs of cannabis and opioids
- ♦ Review trends for substance use locally and nationally, including overdose risk.
- ♦ Rehearse interventions to reduce harm and protect individuals who are actively using.
- ♦ Develop of list of where, when and how to engage in assertive outreach with individuals with co-occurring needs in our community
- ♦ Describe three different types of groups and their relative pros and cons.
- ♦ Discuss tasks to increase family involvement.
