THE
TRAINING WEBSITE

The goal of this training is to introduce implicit & unconscious bias to healthcare practitioners, providers, & leaders in an interactive, and safe space.

As trainers, we understand our instruction may come with our own biases & ask for your openness as we challenge our ideals towards growth & learning. We look forward to the honesty of this session & accept any & all discussion.

When: 9:00a-1:00p

March 24th
June 30th
September 8th
December 1st
