An integrated approach to healthcare

We serve as one of four Certified Community Behavioral Health Clinics (CCBHCs) in Macomb County.

As a CCBHC, we provide a wide range of behavioral health services for those with a diagnosed mental health and/or substance use disorder (SUD). With an emphasis on an integrated model of care, we can better support our community's overall health needs.

CCBHC services include:

- Crisis mental health services, including 24-hour mobile crisis teams, emergency crisis intervention services, and crisis stabilization
- Screening, assessment, and diagnosis, including risk assessment
- Patient-centered treatment planning or similar processes, including risk assessment and crisis planning
- Outpatient mental health and substance use services
- Outpatient clinic primary care screening and monitoring of key health indicators and health risks
- Targeted case management
- Psychiatric rehabilitation services
- Peer support, counselor services, and family support
- Intensive, community-based mental health care for members of the armed forces and veterans, particularly those located in rural areas

Everyone deserves access to quality care. CCBHCs provide these services wherever you are. We accept all insurance plans, including Medicaid, Medicare, and private insurance. We also serve those without insurance. A sliding fee scale is available for those who qualify, based on income and family size.
