Assessing and Managing Suicide Risk AMSR

The goal of this course is to teach clinicians and healthcare professionals who conduct suicide risk assessments how to determine the level of suicide risk for an individual. AMSR Training provides a structure for the clinical provider which can be used in the development of a collaborative treatment and safety plan. AMSR's formulation model helps health professionals feel confident navigating challenging conversations and offers key strategies for providing compassionate care to people at risk for suicide.

EDC Education Development Center

Refresher course available for individuals who have completed the full training in the last 12 months. Please see the training website for additional information.

ZEROSuicide INSTITUTE

Macomb County Community Mental Health programs and services are supported and funded, in part, by the Michigan Department of Health and Human Services (MDHHS). MCCMH is accredited by the Commission on Accreditation of Rehabilitation Facilities (CARF) and operates under the direction of the Macomb County Board of Commissioners and the Macomb County Community Mental Health Board. MCCMH centers are barrier-free, and offer TTY access, American Sign Language communication, and other language translations.
