

Person-Centered Planning Training Series

This two-day training series will cover the following:

- Practice completing a thorough assessment, including how to demonstrate integrated care and medical necessity throughout an assessment.
- How the assessment and quantifiable assessment tools will support the Person-Centered Planning process.
- Demonstrate through the development of treatment planning, an understanding of the spirit of the Person-Centered Planning process.
- Practice writing goals, SMART Objectives and interventions.

Participants will receive a certificate of completion at the conclusion of day 2
