STAGE-MATCHED INTERVENTIONS FOR CO-OCCURRING DISORDERS

By: Jennifer Harrison PhD, LMSW, CAADC

MACOMB COUNTY
COMMUNITY MENTAL HEALTH

TRAINING DESCRIPTION

Treatment planning and intervention provision in a stage-matched manner for youth and adults with complex and co-occurring conditions is a core set of competencies for practitioners in integrated behavioral health settings. In this training, we will focus on staging of consumers for their various needs, determining stage-matched goals and the best interventions to match that readiness and assist people in moving towards the goals that are most critical to them.
