Macomb County CMH Learning Management System RFP Response to Questions

Mark A. Hackel
County Executive

Question 1:

You are asking for the vendor to supply a webinar tool, our system has integration with many known web meeting tools, is this an acceptable solution, or is it a firm requirement for the tool to be provided by the LMS vendor?

Response 1:

MCCMH desires the ability to be able to provide virtual training opportunities to the MCCMH system. An LMS that has the ability to be integrated with a 3rd party platform like zoom, go to meeting, etc. would be acceptable. MCCMH asks that the proposal specifies what web meeting platforms can be integrated with the LMS product.

Question 2:

We are a privately held company. If needed would you sign a Mutual Nondisclosure Agreement (MNDA)?

Response 2:

No. This is a public bidding process. We would need to comply with the requirements outlined by Freedom of Information Act.

Question 3:

Does this policy need to be completed now or if awarded the contract?

Response 3:

MCO Policy 3-020 is required to be attached to all Request for Proposals per the documented process within the procedure section under item 3. There is no action required by interested or the selected vendor regarding MCO Policy 3-020.

Question 4:

In the RFP document under Scope you request the LMS to provide training services in multiple areas. Do you want the LMS provider to provide these trainings or that the LMS is capable of delivering this training in SCORM. PowerPoint etc.?

Response 4:

It is not required for an interested party to develop or provide the trainings outlined within the Scope Section of the Request for Proposals. MCCMH does desire a LMS system that can assist in the delivery or monitoring of these areas of interest by the ability to support a variety of formats (SCORM, Tin Can, HTML5, etc.)

Question 5:

Is it required for a hard copy of the proposal required to be submitted or can electronic submission be sufficient.

Response 5:

A hard copy of the proposals must be submitted in addition to electronic submissions.
